

# Six Steps to Proposal Development

UC ANR Office of Contracts and Grants

# Our Services

## Full Assistance

- Funding Opportunity Searches
- Identify Collaborators
- Proposal Project Management
- Development of Non-Technical Components
- Review Technical Narrative
- Budget Preparation

Services designed to support individual academics and teams in **identifying and attracting** extramural research funding.

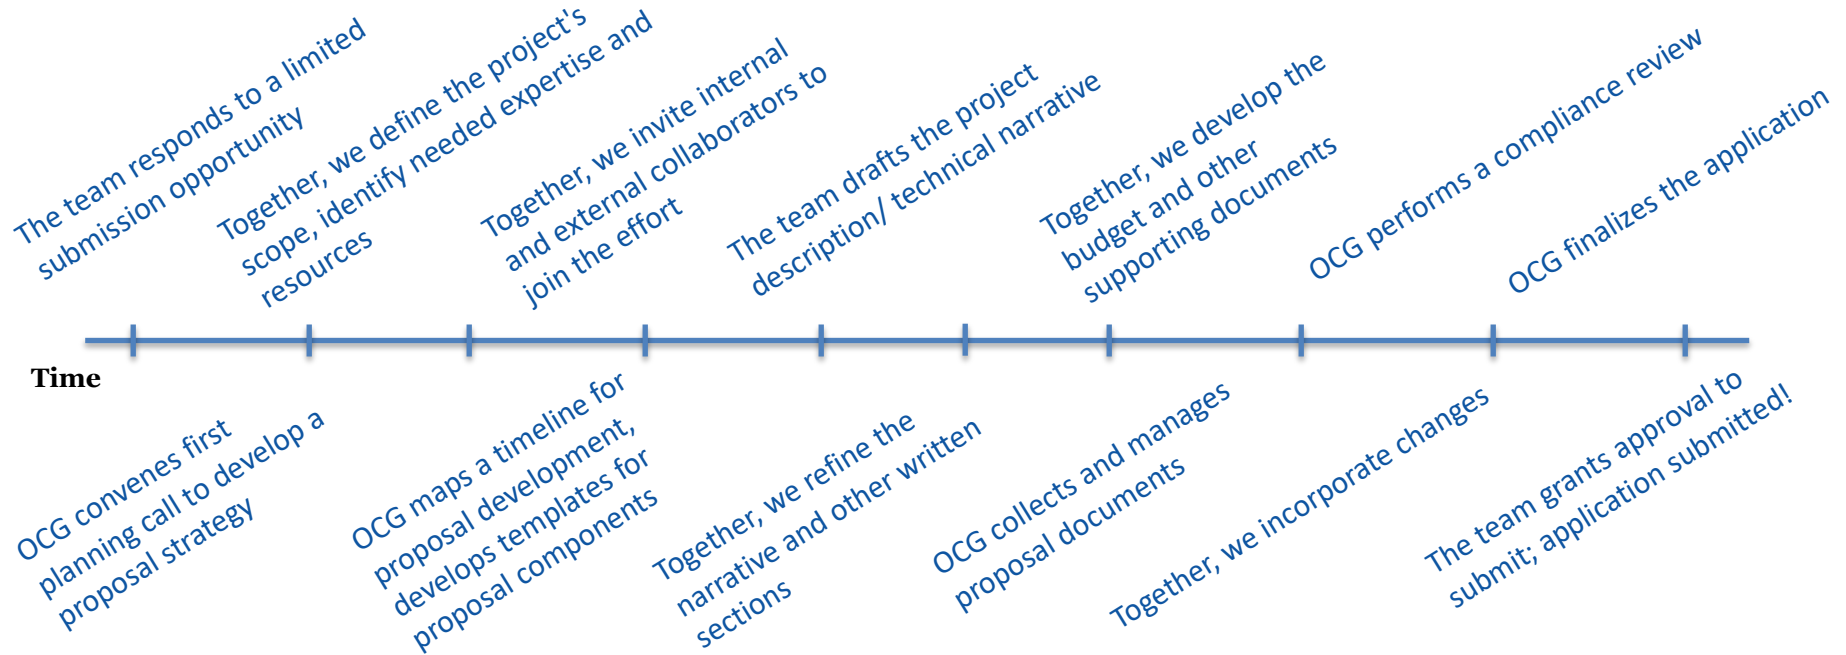

# A Collaborative Process

# A Collaborative Process

# Step 1: Develop Project Concept

1. What are you passionate about?
2. What is the need, problem, or issue?
3. Why is it important; why is it important to know more or change current practice?
4. How is your idea innovative?
5. How will your idea or approach produce better outcomes?
6. What will your work contribute and who will benefit?

Prompts for drafting a **one-page summary** to share with potential collaborators and stakeholders.

## Step 1a. Contact Contracts and Grants

## Step 2: Plan Your Project

- Research and collect preliminary data
- Recruit partners & community support
- Identify required resources

## Step 3: Find Potential Funders

- Contracts and Grants website
- ProQuest PIVOT (use ucdavis.edu email extension)
- Grant Development Newsletter
- Subscribe to the OCG Blog
- Grants.gov and other funder listservs

### Consider:

Has UC ANR worked with the sponsor before?

Early-career vs. established independent investigator specific funding?

Number of awards per cycle?

Program success rate?

Step 3a - 3z.

Pay attention to the Sponsor's  
**Mission, Vision, and Strategic Goals**

# CA State Funding

## 2019-2020 CAP AND TRADE EXPENDITURE PLAN

| Investment Category                                      | Department  | Program   | Amount |
|--|---|---|--------|
| Healthy Forests  | CAL FIRE  | Healthy & Resilient Forests   | \$165  |
|  |   | Forest Carbon Plan: Prescribed Fire & Fuel Reduction                    | \$35   |
|  |   | Wildland-Urban Interface & Other Fire Prevention Activities             | \$10   |
|  |   | Urban Forestry  | \$10   |
| Climate Smart Agriculture                                | Department of Food & Agriculture                                    | Healthy Soils   | \$28   |
|  |   | Methane Reduction   | \$34   |
| Integrated Climate Action: Mitigation & Resilience       | Strategic Growth Council  | Transformative Climate Communities                                      | \$60   |
|  | Natural Resources Agency  | Urban Greening  | \$30   |
|  | Coastal Commission & SF Bay Conservation and Development Commission | Coastal Resilience  | \$3    |
|  | Community Services & Development                                    | Low-Income Weatherization   | \$10   |
|  | California Conservation Corps                                       | Energy Corps  | \$6    |
| Climate and Clean Energy Research & Technical Assistance | Strategic Growth Council  | Climate Change Research   | \$5    |
|  |   | Technical Assistance to Disadvantaged Communities                       | \$2    |
|  | California Environmental Protection Agency                          | Transition to a Carbon-Neutral Economy & Zero-Emission Vehicle Strategy | \$3    |

(\$ dollar amounts in millions)

**Deadline:** Reoccurring annually in February

**Discipline/Subject Area:**  
Multidisciplinary

**ANR Priority Area(s):**  
SFS, SNE, Water, HFC, EIPD

**Funding Available(\$):**  
1,000,000 over 5 years

## **FFAR Seeding Solutions**

FFAR anticipates funding at least one *transformative research* project that addresses and provides solutions to an **intractable problem and/or accelerates innovation** within:

- Advanced Animal Systems
- Health-Agriculture Nexus
- Next Generation Crops
- Soil Health
- Sustainable Water Management
- Urban Food Systems

Projects must demonstrate partnerships with different sectors (private, NGOs, governments, academia, and end users, etc.), such that research outcomes may be scalable and applicable to existing food and agriculture systems.

## Step 4: Draft the Proposal

- Read the RFP carefully and prepare a structural outline
- Refer to the review criteria while writing
- Incorporate section headings and program and/or sponsor specific key words and terms

*As you begin to write, remember to put yourself in the shoes of the **reviewer**.*

## Step 4a - 4z.

- Think like a reviewer
- Write clearly and concisely
- Make a strong case for your project
- Is the scope appropriate for the funding opportunity?

**AND Engage your team: this is a collaborative process**

## Step 5: Coordinate the Process

- Utilize your team in the writing of the proposal
- Collaborative approach
- Distribute duties
- Set deadlines for components

## Step 6: Finalize, Review, and Submit

- All proposals must be submitted to OCG prior to submission to the sponsor
- All projects require **Grant Tracking System (GTS)** record

Due **5 days** before the sponsor's deadline.

▼ Your Grant Proposals in System (33)

10 records per page

| # | Number | Proposal Title | Status | Effort | P.I. | Admin | Sponsor | Proposed Start | Proposed End |
|---|--------|----------------|--------|--------|------|-------|---------|----------------|--------------|
|---|--------|----------------|--------|--------|------|-------|---------|----------------|--------------|

# What happens now?

## OCG Compliance Review

- OCG will review the Budget/Justification, Compliance areas, and Terms and Conditions
- OCG will contact you by phone or email if we have questions or concerns
- We'll tell you when review is complete
- If electronic submission, be available!

# Question and Answer

Q.Q.O.Q.C.C.P.  
Comment? Qui? Où?  
Quand? Quoi?  
Combien? Pourquoi?

- Are proposal development services available for any proposal? *It depends...*
- If I am staff, can I be a PI on a grant application? *It depends...*
- What indirect cost rate should I use? *It depends...*
- What if I think of questions later after this webinar? *Yes!*

Thank  
you!
