

# What to Do in the Garden

## Late July-August

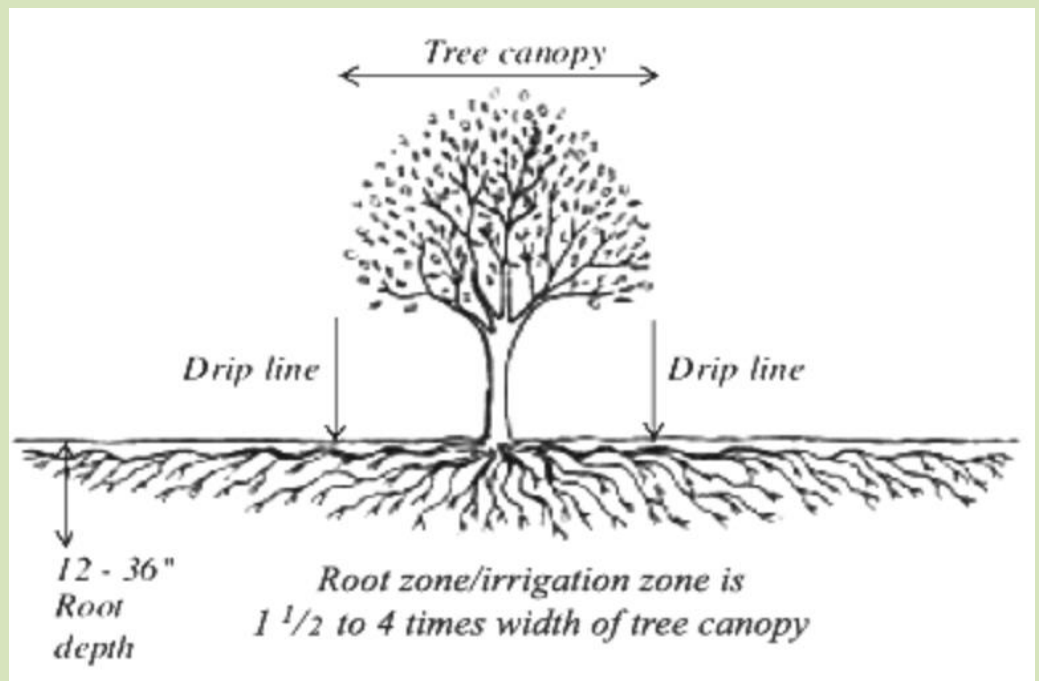

**University of California**

Agriculture and Natural Resources

■ UCCE Master Gardener Program

# Water

- Check soil moisture depth
- Monitor, adjust and repair irrigation
- Deep soak trees to 18-24 inches

University of California

Agriculture and Natural Resources

UCCE Master Gardener Program

# Pruning

- Cut out dead canes of June-bearing berries
- Avoid other pruning unless necessary; avoid sunburn
