4-H Youth Development Program

After many months of planning and hard work the 2025 Lake County Fair Auction is getting close at hand.

The animals & ag. mechanics projects presented for sale to the community have had many hours of intense work and a considerable amount of money invested in them by Lake County youth who are involved in 4-H projects. Beginning with the large beef projects, which were purchased as early as October, up to more recently purchased smaller animals such as rabbits, these animals have ALL had lavish attention and the best care possible. Many of our youth support breeding projects within their market project and also show at other junior shows such as the Grand National Stock Show and specialty breed shows.

There are many ways to show support for the 4-H youth involved in market projects. One of the biggest ways you can show your support is to be a bidder and a buyer at the Jr. Auction. The following are examples of how you can buy at the Auction:

Buyer

Buyers who prefer to retain the meat bid a price (usually per lb.) on the animal of your choice against other bidders. The bid amount accepted by the auctioneer is the amount the winning bidder pays, **plus processing, cutting and wrapping charges.**

Resale Buyer

Buyers who prefer to resell the meat bid a price on the animal of your choice. Lambs, Goats, Rabbits and Poultry may be resold. The bid amount accepted by the auctioneer is the sale price. You then consign the animal back to the Lake County Fair and **only pay the difference between the bid amount and the current market price.** There are **no** additional processing or cut and wrap charges.

"To Make the Best Better"

Multiple Buyers per Animal

Two or more individuals may buy an animal together. One person acts as the "Responsible Party" and bids on the animal of their choice. The "Responsible Party" is the buyer for contract purposes and payment collection. Buyers who wish to retain the meat will pay the accepted bid amount **plus process, cut and wrap charges.** Split of the bid and processing is decided among the multiple buyers themselves. Multiple buyers may also consign the animal back to the Lake County Fair and split between themselves the difference between the bid amount and the current market price.

A delicious breakfast, will be held prior to the auction for all Buyers Registered for the 2025 Auction (plus 1 guest).

If you were a buyer in 2023 or 2024, you will be preregistered to purchase in 2025 and an envelope with your information will be at the Livestock Gate on auction day. If you were not a recent buyer, you can register online in the buyers' page at www.lakecountyfair.com Or sign up on auction day.

I, the above business/individual have been approached and had the Lake County Fair Junior Auction explained to me by the person whose name appears on this sheet.

I understand that signing this form in no way obligates me to purchase any project at the Auction. I am simply helping the member market their project. I also understand that by filling out this form it does not register me as a buyer.
